In our response to the Pre-Submission Regulation 14 consultation version of the Plan we highlighted the need for additional evidence on the potential for impact to heritage assets which these site allocations might generate. This aligned with concerns which Cotswold District Council had also identified.

We now note that those policies have been amended in the submitted version of the Plan in response to the concerns expressed and the specific suggestions made by the Council as detailed in the Regulation 14 Report dated April 2018.

We are therefore happy to defer to the discretion of the Council in its determination of the acceptability of these amendments and the requirement for further evidence or modification should it deem this necessary.
