I understand that this policy is partly to overcome the issues of congestion and lack of parking for parents at Fairford Primary School and Farmor's School. However key principle 6 of Policy FNP16 merely says:

“The layout safeguards the potential for vehicular, pedestrian and cycle access connecting Leafield Road to Hatherop Road”

This is weak and should be amended to require such connections before any residential development takes place. Otherwise the proposed 80 dwelling development will merely add approximately 40 vehicles to traffic flows on Leafield Road, during the AM peak hour in particular, exacerbating the existing problems.

**I support proposals which allow the retention of Horcott Lakes as an amenity for Fairford. Public access should be a little restricted as possible; the need for some restricted access to biodiversity areas is appreciated, but public footpaths should not be fenced, and access should be allowed to lakeshores. Access should not be time limited, i.e. the area should be open to the public during the evening.**
