

Appendix 4 – Proposals Map

Biodiversity Maps

Cotswold District Council has kindly produced a number of maps showing key biodiversity sites and data within and around the parish of Somerford Keynes. The maps show the following:

- Priority Habitats
- Sites of Special Scientific Interest
- Nature Improvement Areas
- Special Areas of Conservation
- Notable Species
- Local Nature Reserves
- Key Wildlife Sites

The sources for these maps are Cotswold District Council and the Gloucestershire Centre for Environmental Records (GCER). The GCER records formed the basis of reports produced as part of the commissioned Gloucestershire Wildlife Trust ecological survey of the Parish in 2014. The reports can be found at:

http://www.somerfordkeynes.org.uk/index_htm_files/Somerford%20Keynes%20NDP%20GCER%20Biodiversity%20Reports.pdf

Biodiversity Map 1 - Priority Habitats

Scale: 1:20000

Printed on: 20/12/2018 at 17:05 PM

Biodiversity Map 2 - Sites of Special Scientific Interest

Biodiversity Map 3 - Nature Improvement Areas

Scale: 1:20000

Printed on: 20/12/2018 at 17:01 PM

Biodiversity Map 4 - Special Areas of Conservation

Scale: 1:20000

Printed on: 20/12/2018 at 17:02 PM

Biodiversity Map 5 - Notable Species

Scale: 1:20000

Printed on: 20/12/2018 at 17:04 PM

Biodiversity Map 6 - Local Nature Reserves

Scale: 1:20000

Printed on: 20/12/2018 at 17:01 PM

Biodiversity Map 7 - Local Sites(Nature Conservation)

Scale: 1:20000
