Detail of CIL expenditure	
Project name and location: Replacement of old wooden bus shelters in Aston Magna and Paxford with Cotswold stone faced oak framed bus shelters	
Brief description of works undertaken: Design & Build of 2 new bus shelters to replace derelict wooden structures. Design of oak frame sourced from one supplier. Build and installation work undertaken by local builder. We were fortunate enough to receive an anonymous donation from a parishioner of £4712.50 to pay for the Aston Magna design & build so took the opportunity to replicate the design for Paxford. Both Bus Shelters are sympathetic to the architecture of the parish and are built to last for many years with minimum maintenance required. Blockley Parish Council have also placed noticeboards in each bus shelter for community use. Resident feedback has been very positive, and we are extremely grateful to the resident who instigated and worked with us to manage the project and make this happen.	
Total Project Costs	£9425.00
Match Funding Secured	£4712.50 (donation as per above)
Amount of CIL expenditure committed	£4712.50 £1406
