# I. Introduction

- I.1 Cotswold District Council maintains a record of planning permissions that result in the gain or loss of dwellings. A survey is undertaken every year of each site to determine the number of dwellings that have been completed or are under construction and any permissions that have expired. This report sets out the findings of these surveys. It also includes data on historic annual dwelling completions, as well as data on several Cotswold District Local Plan 2011-2031 (the Local Plan) monitoring indicators.
- I.2 The information provided in this document shows net changes to dwelling stock, as it is the net increases that count towards meeting the Local Plan's housing requirement. Therefore, account is taken of any loss of dwellings that has occurred. Some sites may show a loss this year where a dwelling has been demolished or is in the process of being subdivided or converted. These sites may also appear in the commitments section as the replacement dwellings are either not started or are under construction.
- I.3 The monitoring period covered in this report spans 1 April 2021 to 31 March 2022. While accurate at the time of publication, this report is subject to change due to continuing monitoring.

## How is the report set out?

The report is divided into five sections:

- Section 1 provides a guide to this report and explains its purpose. It defines the monitoring year, the order in which the data is presented and what is counted as a dwelling.
- Section 2 summarises dwelling commitments (dwellings with planning permission or a resolution to permit development that are yet to commence or are under construction) and completions in the District's Principal Settlements, as defined in the Local Plan. This section also provides a summary of dwelling completions and commitments in the District's parishes, as well as providing the annual dwelling completion totals since 1 April 1991.
- Section 3 lists the completed dwellings on each site within the District for the 2021/22 monitoring period.
- Section 4 lists the committed dwellings on each site at 1 April 2022.
- Section 5 lists the planning permissions that lapsed in the 2021/22 monitoring period.

## What is included in the figures?

- I.4 The figures in this report contain all new dwellings created, including new builds, residential subdivisions, conversions, changes of use and houses restored from dereliction. Agricultural workers' dwellings, tied by a condition or agreement, are also included. In addition, purpose-built, separate homes (e.g. self-contained flats clustered into units with four to six bedrooms) for students are included. Some sheltered or extra care accommodation units are also included where they correspond with the Office of National Statistics' dwelling definition, which is:

*"A self-contained unit of accommodation. Self-containment is where all the rooms (including kitchen, bathroom and toilet) in a household's accommodation are behind a single door which only that household can use. Non-self-contained household spaces at the same address should be counted together as a single*

*dwelling. Therefore a dwelling can consist of one self-contained household space or two or more non-self-contained household spaces at the same address"*<sup>1</sup>

- I.5** Replacement dwellings are calculated for their net delivery, as there may be a loss one year with the gain of the replacement dwelling the following year. The figures exclude ancillary accommodation such as 'granny flats' that are tied by planning condition and cannot become separate permanent units of accommodation. Similarly, holiday lets are not included.

## 2. Summary of residential development in Cotswold District

2.1 Table 1 provides the net total of completed dwellings and commitments in Cotswold District.

**Table 1 – Net completions and commitments in Cotswold District**

Source	Net figure (dwellings)
Completions 1 April 2021 to 31 March 2022	348
Completions 1 April 2011 to 31 March 2022	5,927
Commitments at 1 April 2022	4,029

2.2 Table 2 summarises the dwelling completions and commitments in the District's Principal Settlements. This includes dwellings within or adjacent to the Development Boundary of the District's Principal Settlements, as defined by the Local Plan. The figures may therefore contain some dwellings in adjoining parishes, which are for practical purposes part of a Principal Settlement.

2.3 A hyphen (–) denotes that there were no completions / completions and a zero (0) denotes that although dwellings are either committed or have been completed, there is no net gain or loss of dwellings.

2.4 Tables 2 and 3 incorporate the following corrections to previous RLA reports:

- Chipping Campden – Bantam Tearooms, High Street, GL55 6HB (ref: 20/01547/FUL) – This permission was incorrectly reported as being completed in 2020/21.
- Little Rissington – Barn to the rear of Porch Cottage, GL54 2ND (ref: 17/04706/FUL) – This permission was incorrectly reported as being completed in 2020/21.
- Moreton-in-Marsh – The Redesdale Arms, High Street, GL56 0AW (ref: 16/02743/FUL) – This permission was incorrectly reported as being completed in 2018/19.
- Oddington – Fox Furlong, Upper Oddington, GL56 0XJ (ref: 19/00457/FUL) – This permission was incorrectly reported as being completed in 2019/20.
- Swell – Ferndale Bungalow, Lower Swell, GL54 1LH (ref: 09/01969/FUL) – This permission was incorrectly reported as being completed in 2011/12. The original dwelling was demolished and the replacement was commenced. However, it was never completed.
