

Dear Candidate,

Many thanks for your interest in the role of Strategic Housing Manager.

For anyone that wants to make a lasting impact in a fast-moving and dynamic environment, Cotswold District is a great place for your next career move.

If you've looked at our Corporate Plan, you'll see we're an ambitious Council that likes to get things done. We work well with others, where partnership and collaboration is the name of the game.

As Strategic Housing Manager, you'll play a pivotal part in ensuring the Council's priorities for the delivery of more affordable housing, particularly social rent housing, (probably the only form of truly affordable housing in the Cotswolds) is delivered. You'll be working closely with the Chief Executive, elected members and our partners to deliver our priorities.

This role provides an opportunity to really shape and influence how the council operates, bringing your ideas creativity and project management experience to the table, and implementing best practice. The role will therefore suit people with either a public or private sector background, looking for more than a 'traditional' local authority position.

You'll be able to operate successfully at a strategic level, whilst being able to keep an eye on the detail.

This is a fantastic opportunity to be part of a forward-thinking Council that's always ready to embrace new ideas. So if you've got what it takes, I'd love to hear from you.

I wish you the very best of luck with your application.

Robert Weaver  
Chief Executive, Cotswold District Council
