We are here to secure a healthy natural environment for people to enjoy, where wildlife is protected and England's traditional landscapes are safeguarded for future generations.

In an effort to reduce Natural England's carbon footprint I will, wherever possible, avoid travelling to meetings and attend via audio, video or web conferencing.

Natural England offers two chargeable services – The Discretionary Advice Service (DAS) provides pre-application, pre-determination and post-consent advice on proposals to developers and consultants as well as pre-licensing species advice and pre-assent and consent advice. The Pre-submission Screening Service (PSS) provides advice for protected species mitigation licence applications.

These services help applicants take appropriate account of environmental considerations at an early stage of project development, reduce uncertainty, reduce the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.

Subject: Fairford Neighbourhood Plan: Consultation on the submission draft (reg 16)

To whom it may concern,

Fairford Town Council has prepared a Neighbourhood Development Plan. The Plan sets out a vision for the future of the town and parish and planning policies which will be used to determine planning applications locally. This plan has been submitted to Cotswold District Council, and is subject to a six week consultation, prior to being considered by an independent examiner. The examiner will examine the plan and its supporting evidence, and review the

representations made. Should the examiner find that the plan meets with the Basic Conditions, it will proceed to referendum. Should more than 50% of votes cast support the plan, it will be made.

The Neighbourhood Plan and supporting documents are available to view on the Cotswold District Council's website: www.cotswold.gov.uk/neighbourhoodplanning/consultations

All comments must be received by 17:00 on 11th April 2017.
